

Office Plants With Purpose

Plants, People, Passion

At Fleurtations, we specialise in creating beautiful and high-quality biophilic displays for a range of clients.

From office planting to event installations, we have over 35 years of experience in creating bespoke plantscapes that achieve results – from looking fantastic to providing vital health benefits.

Whatever your space, budget and vision, we'll work with you to create a statement using the power of plants.

We are **Fleurtations**

Since 1991, we've transformed offices and venues, bringing spaces to life with the power of plants. Our team of horticultural experts create, install and maintain a wide range of plant displays across the UK.

Our Process

All of our displays are completely bespoke, so you can be sure your plants are as uniquely fabulous as you.

Whether you have specific requirements, or just the seeds of an idea, our designers will work with you to make your vision come to life.

Testimonials

“Our building has come alive again with the team’s help, patience and, as always, flexibility in accommodating our requests.” – *The Balmoral*

“The whole team is fantastic! They provide beautifully creative solutions which completely enhance our activations and even when there are those dreaded last minute requests, they always pull the rabbit from the hat and provide something beautiful. Thank you for always going that step further!- *3Fold*

Sustainability

Our business is as green as our fingers. We focus on sustainability from the ground up, in our nursery and in every project we take on.

That means investing in a range of intelligent, green solutions; from eco-friendly watering techniques to renewable temperature control systems.

We also choose reusable or fully biodegradable elements for our commercial displays, such as organic props and energy-efficient lighting.

Create your **Perfect Display**

Live

Real plants that grow over time, offering texture, movement, and the benefits of living greenery.

Interior

Displays designed for indoor spaces, bringing natural warmth and calm inside.

Seasonal

Displays tailored to specific times of year, celebrating specific colours, textures, and themes.

Artificial

High-quality faux plants that deliver lush consistency and style with minimal maintenance.

Exterior

Greenery created for outdoor settings, enhancing spaces while withstanding the elements.

Permanent

Long-term plant installations designed to last, providing structure and visual impact.

Planting Systems

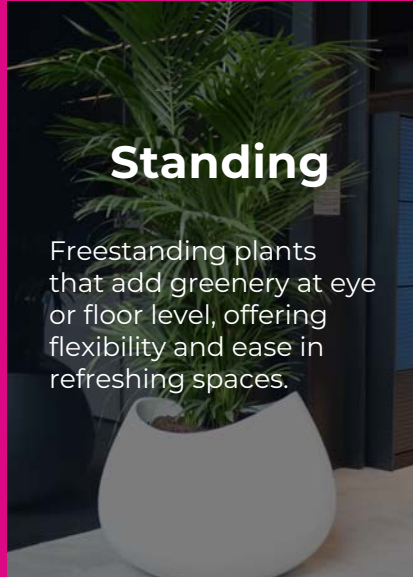

Inbuilt

Plants integrated into walls or furniture, creating an intentional, clean look that's as gorgeous as it is space-saving.

Standing

Freestanding plants that add greenery at eye or floor level, offering flexibility and ease in refreshing spaces.

Hanging

Plants suspended from ceilings or overhead structures, drawing the eye upward and adding a light, airy feel.

Maintenance and Care

Our Display Care Service nurtures your investment year-round by maintaining the health and visual impact of all your plants.

Your displays will be tended to with regular visits by discreet and fully trained members of the Fleurtations team. We'll ensure that you enjoy your displays at their optimum level without the worry of regular cleaning, watering, feeding, pruning or pest control.

Event Design

Event marketing is all about guest experience – and plant displays can help achieve this, ensuring everyone in attendance takes home an impressive memory.

From moss sculptures and living walls to flower arches and grass arrangements – we are always on top of botanical trends and ready to meet your needs.

Our team is highly experienced when it comes to plant installations with tight turnarounds and we'll be on-hand to ensure your install goes smoothly.
